## PRACTICE GAMES

- Two-Ball Worst-Ball:** Start by playing two balls off the tee. Select the worst position out of the two, pick the other ball up and play two shots from that spot. Repeat the process till the ball is holed out twice.
- Three Club Match:** Pick only three clubs to play with (not including putter). Choose a different three clubs each time you come out to play or the same three and try to improve your score.
- Red White & Blue:** Rotate playing a different tee box on each hole. This allows you to practice shots from different locations. Change up the order each time you come out to play.

## FUN GAMES!

- Tee It Up:** Use a tee for all of your shots on each hole (including the bunker, rough, or fairway) except for the green... This is a fun way to build confidence in your game!
- The Perfect Lie:** After hitting your tee shot, move your next shot to a BETTER lie. If you're behind a tree, move it out so you can make a full swing. Don't like hitting out of a sand trap? Kick it out into the fairway. The only rule in this game is have fun!
- Two-Ball Best-Ball:** Start by playing two balls off the tee. Select the best position out of the two, pick the other ball up and play two shots from that spot. Repeat the process till the ball is holed out. Great confidence booster!
